## TAFT CLOSING THE CONTEST BY MAJOR PLURALITIES

Landslide From the Atlantic to the Pacific in Favor of Republican Candidate.

Prosperity Should Begin Today as Per Schedule—No Doubt About the Sentiment of the Country.

Mr. Taft received a greater plurality in New York state than Roosevelt did four years ago. The indications point to 262,000 for Mr. Taft, as against 195,000 for Roosevelt.

One Ray of Hope.

The indications are that Democratic governors have been elected in several of the middle western states that have given their presidential votes to Taft.

Mr. Taft has exceeded Mr. Roosevelt's plurality in New Jersey and in Massachusetts, as well as in the middle west, in a manner thoroughly surprising to the Republican managers.

Speaker Cannon has been re-elected by his usual majority.

Representative Payne of New York and Representative Dalzell of Pennsylvania have been re-elected, and the house of representatives will probably continue under its old regime.

Missouri has returned to the "solid south" on the presidential ticket and elected Coward as its governor.

First Returns.

The first returns received today came from scattering districts in Massachusetts. The heavy pluralities indicated there for Mr. Taft seemed at once to dissipate any probability of "landslide" for Mr. Bryan, as many Democrats had claimed, and Republican managers at once began to put out claims of victory.

Returns from the up-country districts of New York state, where voting machines are largely used, were the next to arrive. It had been predicted for several days that Erie county, including the heavy vote of Buffalo, might be taken as an index to the drift throughout the country.

This proved to be the case, and Mr. Taft having a plurality of something more than 4,000 votes, Erie county surprisingly, however, gave Lieutenant Governor Chandler a plurality of more than 2,000.

The opponents of Governor Hughes were quick to claim a sweeping victory, but returns from the other large counties and cities soon changed the complexion of the returns completely. The vote in Greater New York, including the city, was deeply disappointing to his friends, while the heavy vote for Mr. Taft, especially in the Bronx, was a complete surprise.

Completely eclipsed the most sanguine hopes of Republicans. Governor Hughes was out heavily on the state, but not so much as to hope for a landslide. The drift in his favor "below the Bronx" had begun to make itself felt.

Some of the first returns relating to the Republican slump in certain states regarded as certainly Republican are little short of amazing. Pennsylvania's immense plurality of over 100,000 four years ago has been cut in two. Illinois, which gave Roosevelt 260,000 in 1904, has gone for Taft about 120,000.

Indiana is 13,000, as against a plurality of 30,000 in the previous presidential election. Iowa, which gave Roosevelt 100,000 plurality in 1904, has dropped down to about 40,000 for Taft. The return of Missouri to the Democratic camp, after a Republican plurality of 25,000 four years ago.

Returns Meagre.

Massachusetts is confidently claimed by the Republicans, but the returns are meagre. Massachusetts, New York and New Jersey were striking exceptions to the general rule of Republican pluralities.

There has been a shrinkage in the Democratic vote in several of the southern states, notably in Virginia and North Carolina.

Mr. Taft has carried Wisconsin by a plurality estimated at 75,000, a falling off from the Roosevelt plurality of 135,000 in 1904.

Kentucky has gone safely for Mr. Bryan, about 13,000.

Representative W. S. Coward has probably been elected governor of Missouri over Herbert S. Hadley, Republican.

Governor John A. Johnson of Minnesota has probably been re-elected governor of that state for a third term, although the state has gone safely for Mr. Taft.

Taft carried every doubtful state except Nebraska. The indications point to a Democratic victory. Mr. Bryan carried Nevada and Montana, in addition to the solid south, which includes Missouri. Maryland is claimed by the Republicans.

Returns from Colorado are too meagre to form a definite conclusion as to their ultimate alignment.

New York, Nov. 4.—General election returns from throughout the United States, received up to an early hour this morning, show the following results:

William H. Taft of Ohio has been elected president, with 258 votes secure, and 15 doubtful.

Practically no change is indicated in the complexion of the national house of representatives.

The United States senate will retain its present Republican majority.

Governor Hughes has been re-elected in New York state by about 75,000 plurality.

Indiana has gone for Taft by from 15,000 to 18,000 plurality.

Bryan, apparently, has carried Nebraska, although the Republicans still claim the state.

Ohio returns have been seriously delayed owing to the immense size of the ballot, but Taft has carried the state by a majority ranging from 50,000 to 75,000.

Taft carried New York City by about 11,000 plurality, this being the first time the city has given its vote to a Republican presidential candidate since 1880, when Mr. McKinley had a small plurality.

NEW JERSEY.

Trenton, N. J., Nov. 3.—Revised returns up to midnight indicate that Mr. Taft's plurality in New Jersey will be between 55,000 and 75,000. The Republicans elect seven congressmen and the Democrats two, the Sixth district, which is now represented by a Democrat, William Hughes, being very close and in doubt. The Democrats elect their candidate, Kinkade, in the Ninth district, and Hamilton in the Tenth. Thomas Foxhall is the Republican candidate in the doubtful district. The Republicans have elected Louis Kissinger in the First, Gardner in the Second, Lowell in the Third, Wood in the Fourth, Fowler in the Fifth, Parker in the Sixth, and have elected Congressman Wylie in the Eighth, which is represented by a Democrat, Mr. Pratt. The present congressional representation is now six Republicans and four Democrats, so that the Republicans gain one, and possibly two, congressmen.

MINNESOTA.

St. Paul, Nov. 3, 11:30 p. m.—The governorship in Minnesota hangs in the balance, the result being so close, with not more than 10,000 votes separating the two candidates, that the result is still in doubt. The vote in the Twin Cities, which is the key to the election, is still in doubt. The vote in the rest of the state is also in doubt. The vote in the Twin Cities is estimated at 11,000, with heavy loss in Hennepin county (Minneapolis).

MISSOURI.

Kansas City, Nov. 3.—Returns from all parts of Missouri show that Governor Stone has been re-elected by a plurality of 75,000. The congressional delegation, including the governorship, will be elected by a plurality of 75,000. The state has gone safely for Mr. Taft.

WISCONSIN.

Milwaukee, Nov. 3.—The Republican national and state tickets were victorious in Wisconsin today by a plurality estimated at 75,000. The congressional delegation, including the governorship, will be elected by a plurality of 75,000. The state has gone safely for Mr. Taft.

## LOWER HOUSE OF CONGRESS IS SAFE FOR REPUBLICANS

Most of the Old Familiar Faces Will Still Be Observed on the Floor—Williams Takes Senatorial Toga.

Washington, Nov. 4.—Up to 2 o'clock this morning details reports have been received from 315 congressional districts out of a total of 391. Of these 177 showed the election of Republicans and 139 the election of Democrats. In the entire list there were few changes in political complexion and the net result was favorable to the Republicans.

There will be many familiar faces in the next congress, including Speaker Cannon and his chief lieutenants, Messrs. Payne, Dalzell, Tammey, Burton of Ohio, McCall of Massachusetts and Bartholdt of Missouri. There was especially vigorous opposition to Messrs. Cannon, Tammey and Dalzell, but they are all reported as victorious.

One Democratic side, Champ Clark of Missouri, Clayton of Alabama, Rainey of Illinois, Ollie James of Kentucky, Ramsdell of Louisiana, and Francis Burton Harrison and Fitzgerald of New York, are all certainly returned. Delaware will send a new Republican, Mr. Hendon, in place of Representative

Burton of Georgia, a new Democrat. Mr. Hughes, in place of Mr. Lewis, and Illinois, James M. Graham, Democrat, in place of Caldwell, Democrat. Frank Sherman, Democrat, comes from Michigan in place of Mr. Darragh, while Clarence B. Miller, Republican, will occupy the seat of Adam Bede.

For the first time for sixteen years the Eighth Mississippi district will be represented by another than John Sharp White. He failed to seek a renomination on account of his election to the senate and leadership by Mr. Clark of Missouri. Likewise Bourke Cockran gives way to Charles S. Millington, Republican, who will succeed Mr. Taft's running mate, Mr. Sherman, as representative of the Twenty-seventh New York district.

John W. Gaines of Tennessee will be succeeded by Joseph W. Byrnes, another Democrat. South Dakota sends two new men, both Republicans.

Slightly Disfigured, but Still Healthy and Strong.

REPUBLICAN HOUSE OF MAIN STREET

Streets Jammed by Tumultuous Crowd From Early Evening Until Midnight.

POLICE DO GOOD WORK

ENTIRE FORCE OUT TO KEEP ROWDYISM IN CHECK.

Those who stayed on Main street during the election night celebration showed supreme disregard for the safety of their car drums. Every noise producer which floodlight ingenuity could devise was brought into use and the din was terrific. Horns of every description from the peevish whistle to a cavalry bugle, were blown at the top of ten thousand lungs while cow bells, rattles and the old-fashioned tin can and rosin string played a pleasing obbligato to the general tumult.

But a ringing brass band of cow bells, rattles and the old-fashioned tin can and rosin string played a pleasing obbligato to the general tumult.
